

Attention: League Secretary

Please give this page to your League President. Once the President has received his/her duties, have him/her sign the bonding portion of the League Sanction Application.

Congratulations League President!

Your election reflects the trust and confidence of your fellow bowlers. Your position is important; don't let your league down.

One of your primary duties is the protection of your league funds. A financial loss could result in your suspension from CTF if proper procedures are not met.

Is this pretty strict? You bet!

Each month you, as President, must personally verify the bank balance. When your league has a chequing or savings account, the statement must be sent to you or you must personally go to the bank to verify the league account. An in-centre banking service can be used; however, the funds will not be protected under CTF's bonding program and leagues can use this service but at their own risk.

CTF offers bonding, burglary and holdup insurance at no cost to your league. The Bonding Program covers ONLY LEAGUE OFFICERS for a shortage attributable to dishonesty or improper handling of league funds and one week's receipts (to a maximum of \$2,000) when funds are either taken through forcible entry into the premises or locked receptacle where the league funds are kept or taken from an officer or agent of the league by violence or threat of violence. Please refer to the CTF Playing Rules for more information regarding your duties and the bonding program.

If a loss is discovered, don't let it grow. Immediately report any discrepancy to your league's board of directors and then contact the CTF National Office (by phone 1-833-381-2830 or by email ctf@tenpincanada.com) as well as your local association for guidance. We are here to help you.

Good luck and have a great season.

LEAGUE SANCTION APPLICATION

- Do not detach and distribute copies of this League Sanction Application to other leagues. Each league needs its own sanction application.
- This is the only League Sanction Application that you will have to complete for your league.
- The league award kit will be sent to the Local Association, who will forward it to the League Secretary.
- The instructions for completion of this application are listed on the reverse side of this page. It is important that all requested information be supplied. If this information is not furnished, the Local Association and CTF cannot process this application and will be required to contact you or your League President. This results in an unnecessary expenditure of your registered participation fees.
- Beginning August 1, 2015, the requirements for sanctioning a Sport League have significantly changed. For example, there is no need to supply lane tapes prior to each session, and the additional sport league registration fee has been eliminated.
- Beginning August 1, 2017, a new designation for leagues competing on lane conditions that are tougher than “standard” conditions, but not as difficult as “sport” conditions. This new designation is called the “Challenge” Condition and must be indicated on the League Sanction Application as #5 under the Game Format section. More information can be found in the Playing Rules or our website, www.tenpincanada.com for further information.
