# RULES OF 2023 ANNUAL MEETING

The Canadian Tenpin Federation Board of Directors presents for your approval the following rules to govern the 2022 CTF Annual Meeting.

1. Robert's Rules of Order Revised, shall govern the procedure of this Annual Meeting, providing they do not conflict with CTF policy.
2. The delegation shall include Delegates, Life Members and members of the CTF Board.
3. Only registered delegates and guests will be permitted in the meeting.
4. At the time of logging in all participants must submit name, what association/federation they represent, and identify if they are a delegate or guest. I.e: Cathy Innes – CTF – Delegate or Brian Black – VDTBA – Delegate. You can rename your self once you have logged in.
5. Delegates and members wishing to ask questions may do so by submitting the question into a chat. All questions will be assigned to the appropriate board member or staff.
6. In order to expedite the business of the Annual Meeting, all delegates and guests will be muted and the chat will be used for questions.
7. Unless in an emergency, any delegate having to leave the zoom meeting during elections may not re-enter until polls are open for the next nominee.
8. Guests must be identified and registered and will not be permitted to vote.
9. Delegates may not vote on motions via telephone.
10. Exceptions to these rules may be made at the discretion of the President.

# PRESIDENT REPORT

Good day and welcome everyone to the 2023 Canadian Tenpin Federation Annual Meeting. I would like to thank everyone who has made the time to attend our Annual Meeting this year.

After 3 years we were able to once again able to run our Canadian Mixed Championships, which went over very well in Calgary this year. The Canadian Mixed Championships will be held in Ontario in May of 2024. Our Team Canada bowlers did us proud this year with the Youth Teams bringing home medals from Peru and the Men's and Ladies teams capturing medals at Worlds in Kuwait.

On closing I would just like to say be kind to everyone, there is way too much bullying on social media these days. If you have an issue talk to someone that can help with it don't just go out and slander and bully people. If you have a problem with the Canadian Tenpin Federation email me, I will listen and respond to you. If you have good ideas, we will listen also and if you want to make a difference run for a position on the board. I've heard too much negativity lately and our sport does not need this. When you complain on social media everyone sees this and it makes bowling look bad. We all love this sport lets work together to make it better!!  
Thanks for your time

Respectfully submitted by  
Blaine Boyle, President

## Executive Director Report

Welcome to all delegates and guests to our 2023 Annual Meeting.

During the meeting all delegates and guests will be muted. For questions, please use the chat as we will be allocating the questions to the board members best suited to answer. If a question cannot be answered, you will be emailed.

I am short of help on this zoom, as I do not have Anne Marie, so please have patience. I thank Charlotte for helping me out with the vote allocations.

As you will see many changes to the financial reporting has happened this fiscal and it has put me behind. Our fiscal year end is now March 31<sup>st</sup> each year and when I report financials and budget to you later you will see the changes.

Canadian Tenpin Federation is no longer affiliated with Bowling Federation of Canada. What does that mean? It means we are now viewed as a new organization in the eyes of Sport Canada and the requirements for reporting are beyond what I could have imagined. We did get some funding late in this fiscal and you will see that in the financials. Are we thrilled? No. Baby steps I suppose.

We have many changes that need to be made to our structure which will include our bylaws and the way we do many things at the board level.

Our first step is complying with Safe Sport requirements which changes monthly. CTF has been compliant at the National level for one year. We have now been mandated to expand these requirements to the provincial level. I will be sending out an email to each Provincial Board asking them to identify a Safesport representative. We will then meet

and put a plan in place of how and what this will look like. Our national policies must extend to Provincial Federations, which includes board members, volunteers, coaches and others that are affiliated with the PTSO's.

We continue to be fiscally responsible, but it is becoming increasingly difficult as costs continue to rise. It is time for an increase, we must prepare, you must prepare. \$20 for a national membership is unheard of.

The updated safe sport funds are on the website, and if you should need a provincial list of funds ready to expiry, please contact me directly.

All sports in Canada will need to change their bylaws and it must be in place by April 1, 2025. We will be putting a small committee together to go over the changes needed to comply. Again, anyone interested please contact me and know this will be a lot of brainstorming and work.

This past year has been an unusually tough year for me and I hope that 2024 will bring peace and happiness to all of us.

Respectfully submitted.

Cathy Innes

Carried by the Board of Directors

---

- 2022-2023-13 Motion from Jane Vetro on behalf of the Lane Certification Committee Chair Ron Jones and seconded by Elaine Yamron to approve of the following motion:

Subject- string machines

Our current Centre information Annual report document (attached) for lane certification under the heading Pinsetters asks if they are string or free fall.

If they are string machines under item "c" it states: by random sample, what is the length of string on any two headpins when fully reeled out (blank space for measurement) in inches.

The lane certification committee is asking to change the statement as follows:

If they are string machines under item "c" it states: by random sample, what is the length of string on any two headpins when fully reeled out should be a minimum of 54 inches.

Reasoning

USBC, which we have a reciprocal agreement with, just issued a new report on string machines and their conclusion for best pin fall results was that the strings should be a minimum of 54 inches.

Submitted by Ron Jones, Lane Certification chairperson for CTF

Carried by the Board of Directors

---

- 2022-2023-14 Motion from Jane Vetro on behalf of the Lane Certification Committee Chair Ron Jones and seconded by Elaine Yamron to approve of the following motion:

Subject- Lane bed fee for certification

As chairperson of the Lane certification committee, I propose we raise our fees to ten dollars (\$10.00) per lane bed per year for certification with a maximum charge of 300 (per center).

Reasoning

We have not had a fee increase for about some five years or so. The last several years has been due to Covid-19 pandemic during which time Centres were automatically certified.

Many Association Officers have changed and there will be a lack of individuals with knowledge of the process especially since we are commencing a staggered process...

The increase will aid in any training needed for Associations.

(As a side note I usually ask the hosting lane cortication clinic Association to cover my expenses vs CTF covering same).

Submitted by Ron Jones, Lane Certification chairperson for CTF

# Rules Advisory Committee Report

November, 2023  
Submitted by Dan Tereck

Hi everyone! I am the Chair of the newly-named Rules Advisory Committee. It is just what it sounds like. Our committee analyzes any suggested or proposed rule changes brought forward to CTF, and based on that analysis, makes recommendations to the Board. We are also responsible for an annual review of the Playing Rules, and also includes Equipment Specifications.

As a reminder, any CTF Registered Participant who would like to see a playing rule change can send a proposed amendment to the CTF National Office, or directly to the Rules Advisory Committee, where it will be reviewed and discussed both at the Committee level, and at the CTF Board level, before being brought forward at the next Annual Meeting. Amendment forms can be found on the CTF website - [www.tenpincanada.com](http://www.tenpincanada.com).

As CTF has a reciprocal average agreement with USBC, any rule changes that can affect a bowler's average must be the same in both USBC's and our Playing Rules.

The rule changes that came into effect this season are:

**Rule 113a Playoffs:** A league can make their playoff rule to be as little as one frame (the old rule stipulated that it cannot be less than one game).

**Rule 300c under Tournament Eligibility:** CTF has removed the option of allowing non-CTF registered participants to enter a sanctioned tournament by paying a "Participation Fee". By removing this option, only CTF registered participants can enter, but bowlers can have the option of purchasing a CTF registration at the tournament.

**Rule 300d under Youth Tournament Eligibility:** Just as with 300c, CTF has removed the option of allowing the "Participation Fee" to be used as a means of eligibility to bowl in CTF sanctioned youth tournaments. But of course they are allowed to purchase a CTF registration at the tournament.

## **CTF Equipment Specifications**

There has not been much in the way of change lately. However, as we are still getting questions regarding the terminology and legality of "balance holes", I have included a refresher below, as well as an update on stringpin bowling.

**Balance Holes:** Balance holes in bowling balls are not allowed. This also means that all gripping holes that are drilled must be used on every delivery, as an unused gripping hole would then be considered a balance hole, and render the delivery illegal. One clarification: House balls (true House Balls) are exempt from this rule. Refer to Chapter VII of the CTF rulebook for the

details.

**Stringpin:** As you have heard before, CTF, as well as the International Bowling Federation (IBF), and several other countries have sanctioned string pinsetters. However, there is a new development from USBC. Previous to this season, they did not sanction stringpin environments, as they were waiting until their multi-year testing of stringpin machines was completed. Well, they completed their initial testing and have decided to sanction stringpin centres with several provisions. They would be considered “separate” from freefall machine centres – like a separate “category”. And secondly, they came up with a number of equipment specifications that were explicit for stringpin centres. One of the most notable is the length of the “string”. It must be a minimum of 54”. The USBC will be continuing their testing to determine the impact to bowling averages when compared to freefall centres. They have published their latest report, which contains some surprising information (at least to me). If you want to see that report, you can find it at: <https://bowl.com/equipment-specifications/string-pinsetter-research>

## 2023 CTF Annual Meeting

### Lane Certification Committee

There have been changes in the committee structure as Ron Jones has retired as the chair of the committee and Karl Born from the Niagara TBA was offered the chair and accepted. In addition, Chris Moxley from South Central TBA (Kitchener, ON) has also been added to the committee.

With the assistance from Ron, previous years inspections have been uploaded to Dropbox for availability to compare to current inspections. Karl has also taught a Lane Certification Clinic in Burlington, Ontario and we now have 5 more certified inspectors. Again, many thanks to Ron Jones as he provided a lot of assistance in getting this clinic done.

This year CTF has reinstated lane inspections across the country in the wake of COVID. One change was initiated and that was that each centre is required to be inspected once every TWO years instead of every year as we have done in the past.

Centres are performing the inspections and returning these inspections to the Lane Certification email account for review.

Respectfully submitted

Karl Born, Chair  
Lane Certification Committee

## HIGH PERFORMANCE

I would like to welcome all delegates, bowlers, guests, and fellow board members to the virtual Annual Meeting.

Our coaches I would like to thank Frank Buffa and Jun Trasporto this year to help with the coaching of Team Canada in a difficult time. Moving forward with our National Coaches Program I am pleased to announce that Tyrel Rose will be returning as the Head Coach of Team Canada. We are in the process of accepting applications for National Assistant Coaches.

Since our funding was cut this year all Training Camps were cancelled.

Team Canada has been successful this year under Coach Frank Buffa.

May – Men's Pan Am Championship in Santo Domingo, DR. 2 Silver, and 1 Bronze

August – Youth Pan Am Championships – 1 Silver and 3 Bronze

October – IBF World Championships – The Ladies team won Silver in Trios with a trio of first-time competitors at the World Event and the returning ladies won bronze. The Men's Team won 2 golds and a silver.

Since our funding was cut, I would like to take this opportunity to thank 4 of the Ladies that helped fundraise for the team. Jade Cote, Jennifer Besana, Karine Bouchard, and Brittney Turcotte. Your efforts are greatly appreciated.

As I was preparing this report Francois Lavoie and Mitch Hupe were leaving for Santiago, Chile for the Pan Am Games. Their goal is to help Team Canada with the medal haul.

The Masters Team will be competing in Cali, Colombia in December 2023.

I am pleased with the bringing in of Coach Frank Buffa for 2023 and I can see that he has helped us get through a difficult year. Thank you, Frank.

I am looking forward to working with Tyrel Rose as the Head Coach and continuing with the success of this past year and looking forward to our future plans.

Jane Vetro, High Performance Director

# YOUTH REPORT

Good day everyone, this is my first report as the Youth Chair and I know I had very large shoes to fill. I attended the Canadian Youth Championships in Sault Ste Marie this past May. The host committee outdid themselves the extra activities they planned made this tournament a great event. The friendships and fun had by the athletes were very evident.

2024 the youth will be going to beautiful Richmond British Columbia. I'm sure some of the youth who were in the Sault hope to qualify for this tournament so they can rekindle old friendships and make new one.

A thank you to the parents/guardians who come out each year to support the tournament, without their involvement our kids would not have the opportunity to participate in one of the best Canadian Youth Tournaments.

Thank you everyone for your support at this event.

Elaine Yamron, Chair

\_\_ Being in the presence of bowling for over 50 years has made me love the sport even more than I can describe, and to be a member of the board for the past 9 years has been an amazing experience. I only hope that I can continue and do what I love for CTF, we've survived the hardships of Covid, and I can see great things ahead for our Sport. With the right push we will make it into the Olympics, the COC will see that we deserve to be there. I've worked hard for our sport sitting on and chairing committees that I have great passion for. I hope you will give me chance to continue to do what I love for the Canadian Tenpin Federation
